or pay at the door at 6:30pm
Website designed by Nuanced Media

Location

The Little Chapel of All Nations
University of Arizona Campus
1401 East First Street, Tucson, AZ
Parking beside the building

DAVID HILL, PHD, has been involved in astrological studies beginning with a synchronistic event at age eleven. This led him to study Jung's ideas on astrology and synchronicity and to become an Archetypal-Imaginal Psychologist. David had a private practice in Southern California for 23 years and was Director of Psychological Services at Marymount California University. He moved to Tucson in 1998 and continues his interest in the Depth Psychology perspective on how the mind-matter relationship informs a study of consciousness.

Jung, Astrology, and Synchronicity

"We are born at a given moment in a given place and like vintage years of wine we have the qualities of the year and the season in which we are born. Astrology does not lay claim to anything else.

"The starry vault of heaven is in truth the open book of cosmic projection, in which are reflected the mythologems, i.e., the archetypes."
C.G. Jung

Lecture: Jung, Astrology, and Synchronicity

Astrology can be viewed as an archetypal image of the processes of psyche as a whole. It can show us how we resonate with and express universal patterns in our daily lives. Our discussion will cover, first, how Jung's ideas about classical astrological concepts demonstrate the principle of synchronicity; then, the basics of imaginal/archetypal astrological interpretation; and lastly, concepts of individuation and the evolution of consciousness as the relationship between individual psyche and universal patterns.

Workshop: The Birth Chart through the Lens of Depth Psychology

The basics of reading an astrological chart will be presented. We will explore an archetypal approach to understanding the fundamentals of one's birth chart. Participants are asked to bring a copy of their own chart. If you do not have a copy of your chart, you can obtain one at the Astrolabe website, <http://alabe.com/freechart/>.
